Response

Dear Sir:

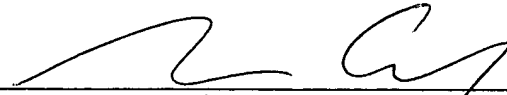

In response to the communication from the Office dated January 26, 2004, Applicants submit a substitute Sequence Listing in computer readable form and paper copy. Applicants hereby state that the sequence information in the paper copy and the computer readable form is the same and contains no new matter.

Because the Office referenced but did not include in the communication an error report for the previously filed Sequence Listing, Applicants are unable to respond specifically to the communication. Applicants have, however, made a good faith attempt to timely supply a Sequence Listing that fully complies with 37 C.F.R. §§1.821-1.825.

Applicants request entry of this submission into the file and consideration of the application on the merits.

Respectfully submitted,

By
